Mr. John Cox
Director
Wyoming Department of Transportation
5300 Bishop Boulevard, P.O. Box 1708
Cheyenne, WY 82003-1708

Dear Mr. Cox:

This is to invite you to submit revisions, additions, or deletions to your US Route Numbering System within your member department. AASHTO will accept applications on an ongoing basis and review them quarterly. However, if you wish, you can send your applications to the Special Committee on US Route Numbering prior to the AASHTO Annual Meeting in Milwaukee, Wisconsin in September 2007.

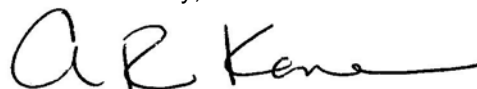

To apply in time for this meeting please use the current application that is available on the [US Route Numbering](#) webpage. We recommend that you send your application(s) to the AASHTO office by **Friday, August 24, 2007**. This allows the special committee to review applications at least 30 days prior to the meeting.

AASHTO policy statements, the current application form and a checklist can be found at the [US Route Numbering](#) website – [References](#). Please send your application(s) electronically with color maps only to usroutes@ashto.org After USRN reviews the applications, they will report their findings to the Standing Committee on Highways and ask for SCOH's approval at the annual meeting or by mail ballot. SCOH meets on **September 29, 2007**, to vote and conduct other business.

(The USRN link internet address is <http://cms.transportation.org/?siteid=68>. Select [REFERENCES](#))

We appreciate your attention. Please call Marty Vitale at 202.624.5862, if you have any questions or concerns.

Sincerely,

Anthony R. Kane
Director, Engineering and Technical Services

cc: Members of the Special Committee on Route Numbering
Standing Committee on Planning
